- 18V battery pack compatible
- Up to 4000 lumen
- 5 output levels
- Slim and compact design
- Built-in USB Powerbank

SCANGRIP CONNECT NOVA 2/4 WORK LAMPS

SCANGRIP CONNECT NOVA lamps delivers up to 4000 lumen, with 5 levels of illumination, and a clear display of battery capacity and lumen output. These work lamps are compatible with 18V battery packs from leading power tool brands, using the innovative SCANGRIP CONNECTOR, and the 12–18V direct connect METABO/CAS battery system.

SCANGRIP CONNECT NOVA housings are sturdy die-cast aluminium and are resistant to strikes, shocks and vibrations, making them perfect for demanding, rough working environments. All models feature a built-in Powerbank with USB outlet to charge mobile devices.

The CONNECT NOVA 2 features an adjustable stand and built-in hook, to deliver optimum lighting from any position.

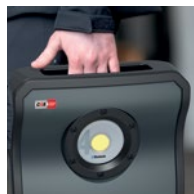

The CONNECT NOVA 4 features an integrated carry handle, built-in battery backup, a Bluetooth app for remote control of up to 4 lights, as well as supporting SCANGRIP TRIPOD mounting, and an IP 65 waterproofing rating.

SCANGRIP CONNECT MODULAR SYSTEM

The new SCANGRIP CONNECT Series delivers a range of high-performance COB work lights that are compatible with 18V battery packs from leading power tools brands, via a modular smart CONNECTOR, and are directly compatible with the METABO/CAS battery system.

Choose your matching CONNECTOR and GO!

Select the SCANGRIP CONNECT work light that fits your needs, attach the CONNECTOR for your preferred battery brand, and you are ready to work!

A built-in Battery Safety System ensures both correct operation of the battery and protects the battery pack in use.

036142C / 2XM 530 302-479 DEWALT
 036148C / 2XM 530 302-481 MAKITA
 036149C / 2XM 530 302-482 MILWAUKEE

Direct attachment.
 No CONNECTOR required.

SCANGRIP CONNECTORS

Part Number	Description
