X-TREME 4.3" Cube Kit White Pair

HELLA X-TREME LED CUBES 4.3" SPOTLIGHT KITS

X-TREME Cube Kits deliver high output lighting and individual, attention-grabbing vehicle styling in White or Amber, with a 4.3" inch size for easy mounting to off-road vehicles.

Impact and shock resistant, with IP68 and IP6K9K ratings for dust and water and backed by a 2 year warranty.

Note: These LED lamps have not been approved to ECE R149 regulations (E Mark) for light output, and therefore are recommended for Motorsport or off-road use only.

Part Number	Description	Beam
1FE 358 233-811	X-TREME 4.3" Cube Kit (White)	SPOT
1FE 358 233-921	X-TREME 4.3" Cube Kit (Amber)	SPOT
8XS 358 233-951	X-TREME 4.3" Cube Stone Shield Cover (Amber)	
Mounting	Upright	
Voltage	Multi-voltage suitable for 12 or 24V DC applications	
Max Power Consumption	75W each	
Max Light Output	5000 lumen each	
Colour temperature	5700K (White) 3000K (Amber)	
Cable length	800mm lead wires with open ends	
Protection	Reverse polarity protection. IP68 (Protection against dust and water immersion) IP6K9K (Protection against dust and high-pressure/steam jet cleaning)	
Weight	1800g each	
Housing	Aluminium body, black stainless steel bracket	
Lens Material	Impact Resistant Polycarbonate	
Compliance	ECE-R10, CISPR25 Class 3	

Kits Include: (2x) LED Headlights & mounting hardware, (1x) mounting instructions, and (2x) smoked stone shield covers.

Lux map shows output for a pair of cube spotlights.
